

THE MOST
POPULAR
BENEFIT?
EVERYONE LIKES
GETTING MEAL
VOUCHERS.

Chèque Déjeuner

— **Employer savings:** A tax-deductible cost of up to 55 % of the value of meal vouchers.

— **Increase in employees' income:** Meal vouchers contributed by the employer increase the employee's net annual income and are deducted from the social security and the health insurance payments and income tax.

— **Support for a healthy lifestyle:** Increases performance, productivity and efficiency.

#01

Surely we don't even need to recommend meal vouchers to you. Could you imagine not having a hot lunch every day yet being expected to perform well at work?

#02

93 % of employees think that meal vouchers are the most popular benefit. 75 % of employees in the Czech Republic use an employee catering system. 60 000 employers give their employees meal vouchers. 1 300 000 employees in the Czech Republic use meal vouchers. The financial savings over payments made into employee salaries is 34 %.

EXAMPLE OF SAVINGS FOR EMPLOYERS & EMPLOYEES

You can offer your employees a financial bonus, such as a pay rise, or you can give them luncheon vouchers. Take a look at the example below to see which of these two options would work better for everyone.

COMPARE TWO OPTIONS

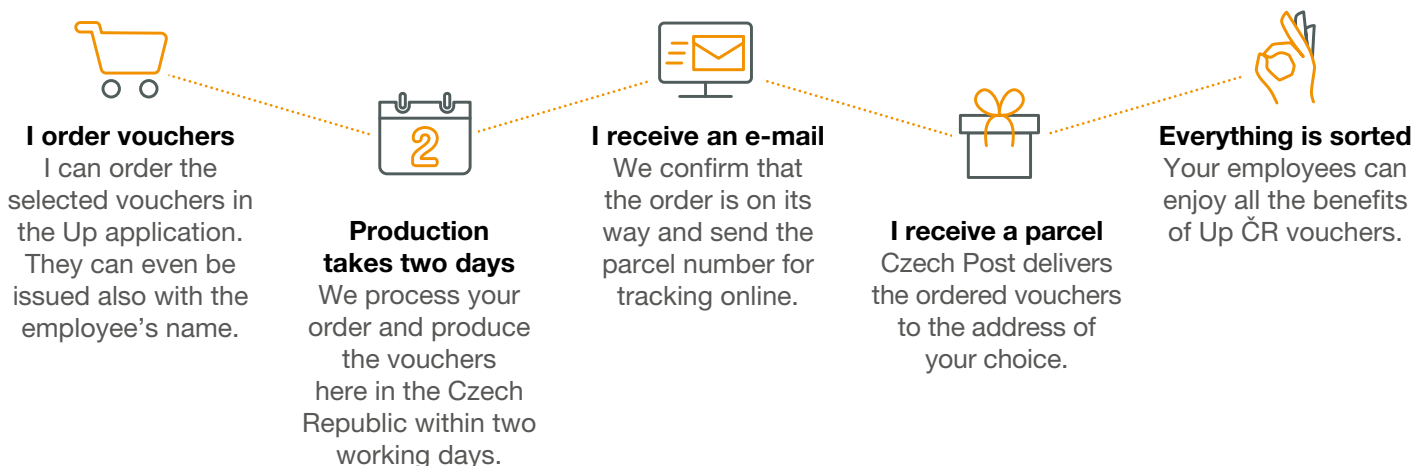

■ salary increase/month for 50 employees

■ 21 meal vouchers/month CZK 150 each

Employer pays for one month:	CZK 86 625	CZK 86 625
Insurance paid by the employer per one month:	CZK 29 453	CZK 0
Total paid by the employer for one month:	CZK 116 078	CZK 86 625
Savings realized by the employer for one year:	CZK 0	CZK 353 430
Employee's annual income increased by:	CZK 15 385	CZK 20 790

The calculation is set at 55% for the employer's share in a meal voucher value and anticipates 21 business days in a month.
